Professional Summary

Motivated and innovative Software Developer with experience in web development, database systems, and emerging technologies such as Blockchain and Artificial Intelligence. Passionate about building practical digital solutions that solve real-world problems. Skilled in developing responsive websites, APIs, and modern web applications using HTML, CSS, JavaScript, Python, PHP, MySQL, React, and Node.js.

Technical Skills

Programming Languages

JavaScript

Python

PHP

Java

SQL

Web Development

HTML5

CSS3

React.js

Node.js

Express.js

Databases

MySQL

PostgreSQL

Tools & Technologies

Git & GitHub

VS Code

REST APIs

M-Pesa Daraja API

Blockchain Fundamentals

Education

Bachelor of Information Technology

Current Student

Relevant Coursework:

- Object-Oriented Analysis and Design (OOAD)
- Database Management Systems
- Mobile Computing
- Computer Graphics
- Software Engineering

Projects

E-Commerce Web Application

- Built a dynamic online shopping platform using HTML, CSS, JavaScript, PHP, and MySQL.
- Implemented shopping cart and checkout functionality.
- Integrated database-driven product management.

M-Pesa STK Push Integration

- Developed payment solutions using Safaricom Daraja API.
- Built secure backend services using Python Flask.

Portfolio Website

- Designed and developed a responsive personal portfolio website.
- Implemented modern UI/UX principles and mobile responsiveness.

Experience

Freelance Web Developer

- Designed websites for businesses and personal brands.
- Improved user experience and website performance.
- Delivered responsive and modern web solutions.

Leadership & Soft Skills

- Problem Solving
- Team Collaboration
- Communication
- Project Management
- Critical Thinking

Career Objective

To secure opportunities where I can apply my technical knowledge, contribute to innovative projects, and continue growing as a software developer while creating impactful digital solutions.
